ORDER:

The Director of Animal Husbandry in his letter first read above has reported that Kadapa District is having Geographical area of 15359 Sq. KMs. With 50 Mandals and 965 Revenue villages. The District has huge livestock population mostly in the hands of small and marginal farmers. In order to cater to the needs of farmers, there is large network of Veterinary Institutions functioning in the District. The Veterinary Institutions in Kadapa District are functioning under the administrative control of Divisional Assistant Directors (AH) working in 4 Divisions of the District viz., Kadapa, Jammalamadugu, Rajampeta and Rayachoty. He has further reported that Kadapa and Rayachoty Divisions are having vast jurisdiction under their control and particularly certain Mandals located in Pulivendula area are far away from Divisional Headquarters. The Divisional Assistant Directors are finding much difficulty to monitor the functioning of those institutions. Due to lack of regular monitoring and guidance, the performance of the institutions as well as the services to the farmers is hampered. Even the staff are facing difficulty in attending the Divisional offices for meetings and to lift the medicines/vaccines as their institutions are far off from the existing Divisions. Hence, the Director of Animal Husbandry has requested the Government to create a new Divisional office at Pulivendula, Kadapa District by sanctioning the following posts to monitor and to supervise the technical and administrative matters of the new Divisional Office:
